Features

Blocks flies and insects without compromising your view

ClearView - Custom Made Retractable Screens are manufactured with the finest quality materials to suit an extensive range of door and window applications.

Delivering uninterrupted views when in use and compacting neatly away when not in use, the innovative patented system offers a low profile track and a stylish pleated mesh design.

ClearView - Retractable Screens are an excellent choice for large openings.

Window

One Way

Centre Opening

Bilateral

Narrow Frames

Non-intrusive 22 mm wide frames.

Innovative Track

4mm ultra-low or 8mm low profile track options.

Retractable Pleated Design
